Privacy Film Case Study

The Challenge

Acamaya restaurant in the Bywater (opening July 2024) had an employee wash area that could be seen by people walking down the street.

The Solution

The application of Solex Bronze Matte film to provide privacy to the employees.

The Results

The architect, general contractor, and owner were very pleased with the installation and the privacy offered by the window film.

NOLA Window Cleaning and Tint works closely with architects, general contractors, commercial property owners, and building managers to solve their privacy, solar control/occupant comfort, decorative, safety and security needs. Call us today for a free consultation.
